> Subject: QUICK FIX-  
>  
> Hello,  
> I am totally against the irradiation of beef, of any meat, or anything  
> "We The People of The United States of America" usually consume.  
>  
> On the government's part it's just another "QUICK FIX " a simple way to  
> clean up the food industry. Is it God's way? NO!  
>  
> Please tell me just how you're going to alert those reading a restaurant  
> menu as to which meats have been irradiated?????  
>  
> All I can say is this, when I go out to eat, I will never again order  
> red  
> meat. And I will make that known to every restaurant that I frequent.  
>  
> As the cancer statistics grow you have taken it upon yourself to  
> possibly  
> put the unknowing into an even more vulnerable position than they are  
> today.  
>  
> Give the farms back to the farmers!  
>  
> Sincerely,  
> Joanm001@aol.com
